IMPORTANT – NOTES ON E-REG TEXTFILE

- 1 Filename for the text file must be in the following format: **filename.txt** Filename and extension must be in **lower case**.

- 2 Each data element shall be separated by **ASCII character 0254 ()**
- 3 Separator for each data is required. **Data can be empty but each separator must be there.** Meaning each contract must have 20 separators.
- 4 **All data must be placed in the right position.** Please refer to page 4 of the document.
- 5 For data which is a number, **comma** for the figure is not required e.g. the system can accept **1000.00** but not 1,000.00
- 6 Currency code for Malaysian Ringgit is **RM** not MYR
- 7 For FOB equivalent unit price (Column 14), the data is required. If there is no FOB equivalent unit price, the data must still be set as **0.00**
- 8 For contracts delivered Singapore, use the price basis as **DSI (Delivered to Singapore)**
- 9 Please notify us, if you have codes (e.g. packing, price basis, products) which you are trading but is not available in e-Registration
